Soft Skills

Fast learner, problem solving, cross-functional collaboration, visual organization, clear communication

Creative Collaboration

Concept development and visual storytelling. Art direction support. Cross-functional teamwork. Attention to detail and visual consistency. Clear communication and feedback integration

PROJECTS

Weather-Based Social Content:

Designed generative visual templates connected to a Weather API to automatically produce climate-related social media posts, combining creative coding with real-time data.

Generative & AI Visuals:

Created experimental visuals using AI image-generation tools and custom prompts, exploring new aesthetic languages for digital communication.

PABLO ISLAS

Multimedia & Digital Designer

PROFESSIONAL EXPERIENCE

Multimedia Designer

SJRT (Jalisco TV, Radio & News) – Guadalajara, Mexico - 2025 - Current

- Designed visual content for social media, broadcasts, and digital communication channels.
- Created motion graphics and animated assets to support news, events, and promotional content.
- Developed reusable visual templates to maintain brand consistency across platforms.
- Adapted branding systems for TV, radio, and digital formats.

Senior Designer

Indatcom – Digital Marketing Agency – Guadalajara, Mexico - 2016 - 2024

- Led multidisciplinary creative teams (designers, editors, animators) across branding, digital marketing, and political campaigns.
- Designed visual systems and content for social media, email marketing campaigns, Google Ads, and digital platforms.
- Collaborated closely with strategy, marketing, account management, and technical teams, aligning visuals with business goals.
- Directed static and animated ad production, ensuring visual consistency and timely delivery.
- Introduced AI tools, automation, and creative coding to optimize workflows and improve production efficiency.

Graphic Designer

CollinsCom – Guadalajara, Mexico - 2009–2014

- Designed branding, editorial layouts, and print/digital materials for corporate clients.
- Collaborated with production and prepress teams to deliver end-to-end visual solutions.
